## Van Riper Woodard Family Foundation Mission

Establish an event around which our family may proactively get involved with charities we wish to support.

Create an event fostering interaction between Foundation members and charities to better understand their missions, needs and to get to know their members.

Create an event that brings our family together for the benefit of others.

Help charities get to know one another in a competitive and social setting.

Turner Woodard and his mother Edna Woodard prepare for the start of last year's rally.
